**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am retired and rely on my option to watch TV constantly and rely on it for communication on the President, local weather and traffic concerns in the Bay Area.

I switched from AT&T to Sonic Fusion several months ago and realize now that I should have done it earlier.

Since I am retired, I am not in a position to afford any increase of cost on internet at all. AT&T continually raised prices and disputed costs that were not actual when I cancelled their service that I was forced to pay or go to collections.

Now that I have fiber and was previously connected with DSL I am amazed at the difference and strongly urge that everyone have the opportunity to try fiber and the benefits will make the change too.

Very truly yours.
